

Veterans Home - Chippewa Falls

Family Updates 9.15.2020

Here are today's updates for family & friends –

Covid Updates:

Despite the changes we've continually faced due to this pandemic, you have been an incredible advocate for our care community. We couldn't be more appreciative of your willingness to adapt to operational changes in support of not only your loved one's health but the wellness of our other members and staff.

Your contributions have helped protect our community. I am happy to report we continue to have zero diagnosed COVID-19 cases among members and staff.

To prevent this virus from entering our care community, the requirements for testing staff has been revised based-on guidance from the US Secretary of Health and Human Services and CMS. Yesterday, we began testing all staff weekly. The frequency at which we test is based upon the covid rate in our area.

Gazebo Gatherings:

We continue to have a few openings for Gazebo Gatherings this week and several openings next week. If your member has not had a gazebo gathering yet in September, please make sure you schedule one soon. At this point, we do not have any more weekend availability, but we are working on opening up some reservations later in the month.

Please remember for the safety and security of our members, we are allowing only 2 visitors at a time for Gazebo Gatherings.

Thank You!

All of us at the Veterans Home couldn't be more appreciative of your ongoing support. Thank you for allowing us the privilege of caring for your loved one and acting as a resource for your family.

I encourage you to contact us if you have any questions or concerns.

Best,
